

## Technical Datasheet THOR T/C-Cord

Outer diameter	Ø 9mm (±0,4mm)
Number of wires	2 x 1,5mm²
Nominal voltage	Max. 400 Volt
Rating at an ambient temperature	+30°C – 18A / +10°C – 22A
Pull out Force	40-45N

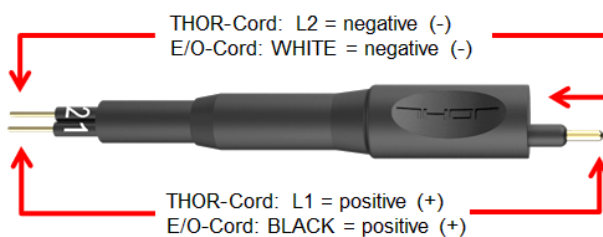

**Warning!** Be sure to read the safety instructions located in the user manual carefully! Violation may lead to destruction of the product and imminent danger of life.

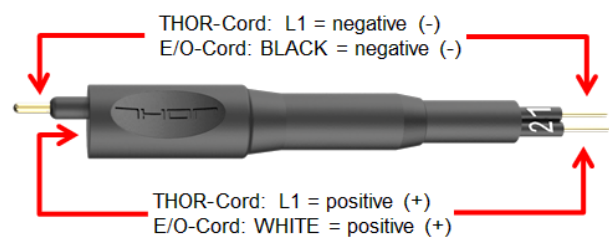

## THOR - Cord

### Connection Schema

#### Lamp / Heat Equipment

#### Energy supply / Battery tank

**Attention!** To avoid confusions or irreparable damages of the equipment by short circuits, measure the basic occupation of the Cords to be exchanged (plug & socket) and the polarity before changing!
